CONCERNING NEVADA'S INSANE.

It is evident that Nevada cannot afford to build a \$300,000 Insane Asylum in Reno or elsewhere. The elaborate plans furnished by Mr. Cook of Sacramento are, therefore, beyond the means of the State. The Legislature should, however, be willing to make for the purpose a moderate appropriation—say \$75,000 or \$100,000. The contract with the Stockton institution expires next February. The Legislature will be, therefore, compelled to make some provision for the care of the State's insane from that time. They must either build or let a new contract.

The question of the care of the insane of Nevada has so far principally been discussed from a financial standpoint. But there are other considerations, equally as important as those of money. Care should be taken to see that the asylum to be built should be constructed in accordance with the best systems in use for the keeping of the insane. Scientific men have a late years given much attention to the treatment of insanity. The belief is gaining ground that the old method of locking up the insane in an asylum, like wild beasts in a cage, is a mistake. The cottage plan for the keeping of the insane, as in use in Scotland and on the Continent, is growing in favor. There is in the United States a society formed for the study of insanity. It is known as the National Association for the Protection of the Insane and the Prevention of Insanity, and was organized last June in Cleveland, Ohio, by a committee appointed for that purpose at a meeting held at Cooper Union, New York, about a year ago. George Wm. Curtis was chairman, and the committee was appointed by him. The officers of the association are: H. B. Wilbur, M. D., President; Nathan Allen, M. D., L. L. D., Vice-President; Miss A. A. Chevallier, Secretary; Geo. M. Beard, M. D., Treasurer. Its headquarters are, we believe, in New York. It would be well for our State Board of Commissioners to communicate with the association and get all the information possible, before deciding upon any plan for an asylum.

There is something horrible in the very notion of an insane asylum to sensitive people. It suggests the idea of a huge prison with barred windows, where the raving mad and the harmless deranged are shut up together. The burning of the immense asylum in Minnesota recently threw fresh light on the horrors of the prison plan for the insane. The herding together of the insane must increase and intensify their insanity. Down with the system. It has flourished long enough. It belongs to a darker age than this.

Here is a method of treatment which is rational, humane and economical. It commends itself to the approval of all who are capable of sympathy for the poor lunatic. The New York Tribune endorses the method, and describes it as follows:

The cottage plans of hospitals are different in detail, but based on one general theory that money should not be spent on enormous, solid and costly buildings, inadequately manned with inefficient keepers and nurses, but on inexpensive, scattered, separate small houses, each of which should have its family of patients under the motherly care of a competent, skilled matron. The curative treatment, in a word, is individual, not collective; and an effort is made to supply the influence of the family; to keep the patient, sick in body or mind, in a wholesome and cheerful home. Our readers are familiar with the peculiar experiment at Gheel, and its long continued, unvarying success. Our State bureaus are too energetic in dealing with their helpless wards to try any advised experiments. They have a big job of benevolence to get rid of, and a big sum of money to lay out. The quickest way to have done with it is to build a tremendous house, and lump all the misery in together to fare as best it can."

The example of Secretary of State Burns of California, in refusing to take advantage of technical errors that enabled him to give the State to Garfield, should be laid to heart by the Democracy. Contrast this fair play and generosity with the tactics of Garcelon of Maine.

FAULTY RETURNS.

Nye County's Commissioners are in disgrace. They neglected to send in the election returns of Nye to the State Board of Canvassers, and the vote of that county has, in consequence, been thrown out. The Lander County Commissioners sent in returns, but without the necessary verification. So Lander's vote was also lost. The offending Commissioners of Lander and Nye deserve the severest censure. The returns of every county in the State, except Ormsby, were incorrectly made out. It is surprising how officials can be so careless. A full report of the official count of Nevada's vote appears in another column.

EDITORIAL NOTES.

The N. Y. Times' San Francisco correspondent has no doubt of the election of General Miller, the Alaska fur man, to succeed Booth. He says that Booth is regarded in California as "a man of splendid abilities, but without the energy to direct them to useful purpose." Congressman Berry of California believes General Miller will be the Republican choice for Senator in California, but that possibly the Democrats will form a combination with disaffected Republicans and re-elect Booth or some other man opposed to Miller.

The newspapers have already made a good many Cabinets for Garfield. Some "intimate friend" of the General is disclosing something new every day. The last yarn is that Garfield offered Blaine the Secretaryship of State and afterwards the Treasuryship, but that Blaine wouldn't have either of 'em. Who is this "intimate friend" of Garfield's who leaks so badly. Perhaps it is the long-lost Morey.

"Your correspondent" of the Associated Press thus softly touches upon the probable rascality of a St. Louis office holder: "Benton Jones, Cashier in the United States Quartermaster's office in this city, disappeared about a week ago and has not since been heard of. His accounts are somewhat awry, and possible suicide is spoken of." "Somewhat awry" is exceedingly good.

On Tuesday of last week the New York Sun doubled its size to give space to a four-page advertisement of George P. Rowell & Co.'s American Newspaper Directory. Rowell & Co.'s business is that of an advertising bureau. The firm showed their own appreciation of the value of advertising by the great advertisement in the Sun, which must have cost thousands of dollars.

How would Nevada do for ostrich farming? There is unlimited range within its borders, and the sage brush ought to make good feed for the birds. But perhaps the winter climate is a little too cool for the ostrich.

The tailings mills of the Comstock have been shut down for the winter. This throws 225 men out of employment. The Chronicle says most of the mills are closed permanently, as the tailings fail to pay expenses.

The Enterprise conjectures that Candelaria was named after some Spanish girl. The linguist of that journal says it is a Spanish custom to give the name Candelaria to a girl born on Candlemas-day.

BY TELEGRAPH.

Official Canvass of California's Vote—Republican Fairness With the Returns—How the State Might Have been Given to Garfield.

SACRAMENTO, Nov. 30.

The official canvass was made to day; present, W. W. Morrow and Jake Steppacher for the Republicans, E. W. Maslin and Wm. Brodericks for the Democrats, and D. M. Burns, Secretary of State, for the State. The totals do not vary the result previously reported.

Secretary of State Burns had it in his power to have declared the State for Garfield, for the returns from Mendocino, Lassen and Siskiyou came without seals of the Boards of Supervisors, and nothing appeared on them to give them official identity. Had he kept the packages unopened until to-day (as he might have done under the law), those counties must have been thrown out, as they would have had no lawful verified returns filed; but the Secretary opened the returns as received, discovered the errors named, and telegraphed the clerks of those counties that they still had time before the 29th to make proper returns. This they did.

A Terrible Domestic Tragedy.

PORTLAND, Nov. 30.

Particulars of a shocking casualty at Spokane Falls, W. T., have just been received. During the absence of Mrs. Lieutenant Kinzie from home, her son, aged six years, amused himself in playing with a Sharp's rifle which was unloaded. The little fellow discovered a cartridge, put it in the gun, pointed the rifle at Bessie Quinn, a girl aged ten years living in the house, and pulled the trigger. The weapon was discharged, the ball passing through Bessie's heart, killing her instantly. The girl had the infant of Mrs. Kinzie in her arms at the moment, which was badly powdered.

A Grand Spectacle—Mauna Loa in Eruption.

SAN FRANCISCO, Nov. 30.

Advices from Honolulu, by steamer City of Sydney, describe the eruption of Mauna Loa, now in progress, as one of the grandest ever witnessed. It broke out November 5, about six miles from the summit, the crater throwing out two great streams of lava, one of which is thirty miles long, from 100 to 200 yards wide and about 30 feet deep. Terrible explosions accompany its flow. Some fears are entertained for the safety of Hilo, although the flow seems turning in another direction.

Trial of the Mussel Slough Settlers.

SAN FRANCISCO, Dec. 1.

In the trial of the Mussel Slough settlers to-day the jury was completed and the examination of witnesses was begun. The prosecution will endeavor to show that a conspiracy existed among the settlers to hold on to their lands in any event, and to enable it to develop that point the Court admits evidence in relation to the original organization of the settlers' league.

A Welcome Rain.

Schurz on the Indians.

WASHINGTON, Dec. 1.

The Secretary of the Interior, in his report, advocates letting the Indians remain on their native lands, and introducing agricultural and pastoral pursuits, in preference to gathering them on large reservations. He makes no special recommendation regarding railroad grants.

Few Wait for the same Reason.

A story comes from Atkinson, Kan., explaining why Clara Louise Kellogg has never married. In her school days she fell in love with a poor boy, and they exchanged vows of constancy. She went on the stage and made a fortune. He declared that he would not become her husband until his wealth equalled hers; and it has never done so, though he has struggled hard to increase it to the required amount.

Last Friday, twelve miles from San Bernardino, John Ayres shot himself in the heart with a rifle. JOTTINGS.

—Trains have all been on time for the last few days.
—A little of that fine apple cider at Chase & Thyes' is not bad to take.
—The silver and napkin price at the Fair was won by No. 150, held by Robert H. Taylor, of Virginia.
—There is a great emigration going on from Virginia City to Arizona. Twenty-one Comstock miners went west from here yesterday.
—Stocks generally suffered from a slight relapse this morning and sales were small. Alta opened at 7 1/4 and stiffened up to 7 1/2 under large sales.
—Krust & Jones offer a lot of Holiday Goods, left over from last season, at cost. The articles are as good as new. This is a chance for bargains.
—Now that December has come Christmas seems very near, and people are already beginning to look about for presents. Ladies may be seen in the White House every day now, "looking for something for a man," and they never fail to find something useful and appropriate there.

Jolly Conductors.

The excursion party of railroad conductors will arrive in Reno at 6 o'clock this evening, homeward bound from San Francisco. They have arranged to have a dance in the theatre this evening, and remain here overnight. As there are over a hundred conductors and only about half that number of ladies in the party, there will be hardly enough ladies to go around when the dancing takes place. The aid of lady residents may possibly be invoked. Langnier's Band will be down from Virginia for the occasion.

Nevada & Oregon R. R.

Mr. W. McMecham, one of the Directors of the N. & O., arrived from California this morning. Gov. Woods was also expected but will not be here until to-morrow, being detained in San Francisco on business for the Company. He will come on to-morrow morning's lightning. The Directors' meeting has been postponed until to-morrow. No contracts have yet been let.

The Funeral of Mr. Spencer.

The funeral of Mr. Spencer, the Pyramid Indian Agent, took place at Wadsworth on Sunday. He left a wife, two daughters and a boy. Jonathan Sides, the Piute interpreter, speaks highly of the deceased. He says that Mr. Spencer was much liked by the Indians.

L. Meder's Condition.

L. Meder, who was accidentally shot by Superintendent Crawford, is doing well. His wound has not yet suppurated and there is danger that the inflammation may extend to the spine. His friends hope for his recovery.

Reno Chapter.

The annual meeting of Reno Chapter, No. 7, R. A. M. for the election of officers will take place on Thursday, Dec. 24, at 7:30 p. m. Members are requested to be present. Visiting companions are cordially invited.

NEVADA'S VOTE.

The Official Count Gives Hancock a Majority of 741—The Electoral Vote of Lander and Nye Counties Excluded—Gross Carelessness and Inexcusable Negligence.

The State Board of Canvassers met yesterday, says the Carson Times, and examined the election returns so far as received from the several counties in the State. No returns were received from Nye county, owing to the gross and inexcusable neglect of that county's Commissioners, and no certificate was received from Lander county. Both counties were therefore excluded, and had the vote in this State been closer the result of their exclusion might have been a victory for Garfield. In the Elko county returns the name of J. C. McTarnahan was spelled McFarahan. Washoe county's Clerk returned the name of O. H. Gray as O. H. Gey, and also gave Morion's initials as E. E. instead of E. A. With the exception of Ormsby and Elko counties the vote for Electors was included with that for the remainder of the ticket. Minor faults could be passed over, but not such glaring errors of omission as shown in the case of Lander and Nye counties. There can be no good excuse for such delay and inaccuracy. Each county in the State was long since supplied with twenty-five copies of the election law, which expressly provides that the vote for Electors of President and Vice President of the United States shall be canvassed on the fourth Monday after such election is held. The following is the total vote by counties and the various majorities:

DEPARTMENT OF STATE,
Secretary's Office.

As required by an Act of the Legislature of the State of Nevada, approved March 12, A. D. 1873, the Board of Canvassers met at the office of the Secretary of State for the purpose of canvassing the votes cast at the election held Nov. 24, 1880, for Presidential Electors, and found the same to be as follows:

Churchill county—total vote, 181; Hancock's majority, 17. Douglas—522; Hancock's majority, 28. Elko—1,668; Hancock's majority, 104. Esmeralda—1,283; Hancock's majority, 73. Eureka—1,917; Garfield's majority, 135. Humboldt—971; Hancock's majority, 226. Lander—stricken out, no certificate received. Lincoln—676; Hancock's majority, 162. Lyon—650; Garfield's majority, 60. Nye—stricken out, no returns received. Ormsby—1,076; Garfield's majority, 172. Storey—5,144; Hancock's majority, 388. Washoe—1,534; Hancock's majority, 72. White Pine—839; Hancock's majority, 43. Grand total, 49,478; Hancock's majority, 741.

We, W. H. Beatty, Chief Justice, and Thomas P. Hawley, Associate Justice of the Supreme Court of Nevada, comprising a majority of the Board of Canvassers, hereby certify the foregoing to be the correct canvass of votes cast for Presidential Electors, November 24, 1880, as per the certified returns of the Board of County Commissioners, now on file in the office of the Secretary of State. No returns have been received from Nye county. Returns from Lander county are not certified and not included. In witness whereof we have hereunto set our hands the 29th day of November, A. D. 1880. W. H. BEATTY, Chief Justice. T. P. HAWLEY, Associate Justice.

Filed in the office of Secretary of State Nov. 29th, 1880. JASPER BABCOCK, Secretary of State.

Immediate Extension of the Nevada Central.

The Silver State of the 29th says: "It is said that the Nevada Central Railway, which is now completed between Battle Mountain and Austin, will be extended this winter or early next summer to Grantsville. A meeting of capitalists from the east, who are interested in the road, is to be held at Battle Mountain to-morrow or next day. Should the majority decide to extend the road south, work will be commenced shortly. Grantsville is about sixty miles south of Austin, and all the freight for that camp is now shipped from Ledlie, a station a few miles from Austin."

Gymnastics and Dancing.

The Reno Athletic Club will give an interesting exhibition of gymnastic exercises to-morrow evening. There will be turning, boxing, fencing, club-swinging, etc. Mr. Spencer and another member of the Virginia Turnverein will assist. The entertainment will close with a dance. The price of admission is \$1. Good music will be given by amateurs connected with the club. The entertainment will commence at 8:30.

Personal.

H. C. Bidwell, a prominent mining operator, died Sunday night at Greenville, Plumas county, of pneumonia. Richard Queen is expected to arrive from the East next Sunday night. Bishop Whitaker arrived from the East last evening.

The Examination of Dalton.

The examination in the case of Peter Dalton, charged with an assault with intent to kill A. Nadon, continued all yesterday afternoon and evening and was resumed this morning. It is not likely to close until a late hour this evening. Nadon was the only witness examined yesterday and the gist of his testimony was given in the GAZETTE last night. This morning the clerk in Deimer's grocery was called by the prosecution; also Sautler, the proprietor of the City Hotel. The clerk's testimony was not important. Sautler testified that Dalton came to the hotel yesterday morning looking for Nadon and said that he wanted to "put a head on" Nadon. Witness afterwards saw Nadon and Dalton struggling in the street. Nadon had Dalton down, and Dalton held in his hands a pistol which he was trying to aim at Nadon and which Nadon was trying to turn aside.

Evidence for the defence will be given this evening. Dalton's explanation of the cause of the quarrel is that Nadon had outrageously insulted Mrs. Dalton. He says that Nadon had made improper proposals to Mrs. Dalton and had gone to the back door of her house on Monday evening, and tried to get admittance. Nadon does not deny the latter allegation. He says he went to the house "to get some dishes" which he had lent Dalton. The evidence is all taken down in writing and the case drags along very slowly. Mrs. Dalton's evidence is expected to be rather racy.

Carp for Sierra Valley—Cold Weather and Sleighing.

A correspondent of the Truckee Republican furnishes the following items from Sierraville:

The grasshopper plague is about passed. No one expects damage from the pests next season.

The roads from Truckee to the valley are in fine condition now, but travel between the two points is light.

November 24th the thermometer at Campbell's Springs stood at 20 degrees above zero. Thanksgiving morning it stood at 30 degrees.

Fish Commissioner Redding has agreed to furnish carp for the streams of Sierra valley. The number of eggs a carp is supposed to deposit in a season is 3,000. A two-year-old carp will weigh 7 pounds. Aaron Davis is the authority for this statement of our correspondent.

The thermometer at Sierraville Thanksgiving morning stood 2 degrees above zero. There was sufficient snow on the ground to entice sleigh riders out, and the jingle of bells could be heard over the valley. The snow is about two inches deep. Before and during the storm there was a dead calm in the valley.

Remarkable Conduct of a Nevada Hot Spring.

Referring to what the GAZETTE recently published about "Nevada Geysers," the editor of the Silver State relates the following: "Some fourteen years ago, the writer, accompanied by A. P. Safford, J. A. Banks and Lance Nightingill, while on the way to Carson, saw the hot springs, near what is known as Hot Spring Station on the Central Pacific Railroad, throw a volume of water, sufficient to run a saw mill, at least ten feet high above the sedimentary rocks, which surrounded the spring. The water continued to flow for two and one-half minutes and then subsided for a like period. This occurred at regular intervals during the twenty-five minutes which the travelers spent at the spring, but we have not heard of a similar occurrence at the Hot Springs since then. Two of the four persons who saw it have crossed the dark valley, but if any one doubts what is stated relative to the matter, he is respectfully referred to ex-Governor Stoddard of Arizona."

TALK IS CHEAP,

And So Are FINE Clothing, BOOTS, SHOES, HATS, GENTLEMEN'S AND BOYS FINE FURNISHING GOODS.

If you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this State. Everything we have is new. No old, musty and out-of-date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices and examine our stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. We make a profit on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. One must make a profit to live. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods form one of our specialties. Orders from the country promptly attended to. Look out for the White Building with the Gold Sign.

Summons.

IN THE DISTRICT COURT OF THE Second Judicial District of Nevada, in and for the County of Washoe, State of Nevada, do hereby require you, Mary Jane Hall, to appear in an action commenced against you as defendant by S. The said action is brought to obtain a judgment and decree of divorce against the defendant and in favor of the plaintiff. The complaint alleges that the plaintiff and defendant were married at Stockton, in the State of New Hampshire, A. D. 1852, and lived and cohabited together until on or about the 28 day of August, A. D. 1877, at Reno, Nevada, defendant left plaintiff's bed and board and has ever since said time abandoned and refused to live with plaintiff, and has gone to the State of Massachusetts, deserting and refusing to cohabit with plaintiff, all of which will more fully appear from the Complaint which is on file in the office of the clerk of said court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I, MARK P. KISH, have hereunto set my hand and affixed the seal of said court, this 12th day of November, A. D. 1880.
